About Us

Şura NUTS & PISTACHIO CREAM

Founded in 2019, Şura Kuruyemiş builds upon generations of experience in pistachio cultivation, hulling, and trading within the Ateş family in southeastern Türkiye. Pistachios have always been an integral part of our family's heritage, and we carry this tradition forward by combining our agricultural roots with modern industrial processing technologies.

Since 2019, we have been processing this valuable agricultural product in accordance with European quality standards at our 5,000 m^2 indoor production facility, complemented by our dedicated pistachio hulling facility, which comprises 2,000 m^2 of enclosed space and 30,000 m^2 of open area.

Strategically located between Nizip and Birecik, two of Türkiye's most important pistachio-producing regions, our hulling facility enables us to process freshly harvested pistachios directly at the source. Through our close relationships with more than 3,000 pistachio farmers across the region, we maintain direct access to raw materials while ensuring control over the earliest stages of the supply chain.

Our fully automated pistachio processing factory enables us to transform in-shell pistachios into a comprehensive range of pistachio ingredients and finished products, with particular emphasis on product quality, consistency, and food safety.

Over the years, Şura Kuruyemiş has exported thousands of metric tons of pistachios to international markets, with a particular focus on Europe. To strengthen our presence in this market and maintain close relationships with our European customers, we operate our Italian subsidiary, Eufrate Commerce S.r.l., which serves as a commercial link between our production operations in Türkiye and our clients across Italy and the European Union.

Our commitment to the European market is reflected in our production processes, which are designed to meet European food safety and quality requirements. From raw material sourcing to processing and final packaging, food safety, traceability, and consistent product quality remain central to our operations.

In addition to our production and commercial operations, we operate our own facility in the Gaziantep Free Zone, providing us with greater flexibility in sourcing, handling, and trading a diverse range of nuts from international origins.

Today, we supply leading companies in Türkiye with a broad portfolio of raw materials and industrial ingredients, including in-shell pistachios, pistachio kernels, pure pistachio paste, cashews, almonds, macadamias, and walnuts.

We also manufacture and supply finished products to major Turkish brands, including roasted and salted in-shell pistachios, pistachio creams, roasted pistachio kernels, and flavoured in-shell macadamias.

Through our integrated operations, agricultural expertise, and international commercial presence, Şura Kuruyemiş continues to develop long-term partnerships with customers seeking reliable sourcing, consistent quality, and a comprehensive range of nut-based ingredients and finished products.

Integrated Facilities
Vertical Integration at All Levels of Production

WHOLE PISTACHIO
KERNELS

WHOLE PISTACHIO KERNELS

Our whole pistachio kernels are sourced from thousands of farmers in Turkish provinces of Gaziantep and Şanlıurfa and belong to the Uzun and Kirmizi cultivars of the Antep pistachio.

Each grade reflects the specific development and maturity level of the fruit, and each grade is suitable for different intended uses. The early harvest Boz pistachio, also known as the Perfect Green in Europe, is harvested prematurely and has an extremely intense, strong taste of pistachio along with a deep green color; this is the variety that dessert masters in Türkiye are obliged to use for premium sweets. The semi-mature harvested Mawardi pistachio is a transition product between the early harvest Boz and the fully mature Red pistachio kernel.

The Mawardi 1 is closer to Boz while the Mawardi 2 is closer to Red with different advantages. The fully mature, Red pistachio kernel has a yellow internal color, but has the highest oil content of all pistachio maturation grades, and for this reason the Red kernel has a suitable use for roasted kernels just like the Mawardi 2.

BOZ 1 KERNEL

Product Code	1BOZ110000000000
Contains	Pistachio

BOZ 1 ROASTED KERNEL

Product Code	1BOZ111000000000
Contains	Pistachio

BOZ 1 ROASTED SALTED KERNEL

Product Code	1BOZ112000000000
Contains	Pistachio, salt

HAZELNUT PASTES
AND PRALINES

HAZELNUT PASTES AND PRALINES

LIGHT ROASTED 100% HAZELNUT PASTE

Product Code	2000066100Y00000
Contains	Hazelnut

MEDIUM ROASTED 100% HAZELNUT PASTE

Product Code	2000067100Y00000
Contains	Hazelnut

DARK ROASTED 100% HAZELNUT PASTE

Product Code	2000068100Y00000
Contains	Hazelnut

ROASTED HAZELNUT PASTE AND SUGAR PRALINE

Product Code	2000081000000000
Contains	Hazelnut, sugar

MACADAMIA NUTS

MACADAMIA NUTS

22-24 MM ROASTED IN-SHELL MACADAMIA ORIGINAL FLAVOUR

Product Code	300009122T24MM00
Contains	Macadamia nuts

22-24 MM ROASTED IN-SHELL MACADAMIA SALTED

Product Code	300009222T24MM00
Contains	Macadamia nuts, salt

22-24 MM ROASTED IN-SHELL MACADAMIA MILK CREAM FLAVOUR

Product Code	300009922T24MM00
Contains	Macadamia nuts, White granulated sugar, Edible aromas and sweeteners (sodium saccharin E954, acesulfame K E950, sucralose E955, vanilin (cas no:121-33-5), Disodium 5'-Ribonucleotides E635, flavourings (Edible milk flavor: vanilin (cas no: 121-33-5), lactons (Decano-1, 6-lactone (Cas no: 5579-78-2) dissolved in propylene glycol E1520, glycerol)

24-26 MM ROASTED IN-SHELL MACADAMIA ORIGINAL FLAVOUR

Product Code	300009124T26MM00
Contains	Macadamia nuts

24-26 MM ROASTED IN-SHELL MACADAMIA SALTED

Product Code	300009224T26MM00
Contains	Macadamia nuts, salt

26 MM+ ROASTED IN-SHELL MACADAMIA ORIGINAL FLAVOUR

Product Code	300009126PMM0000
Contains	Macadamia nuts

MACADAMIA NUTS

24-26 MM ROASTED IN-SHELL MACADAMIA MILK CREAM FLAVOUR

Product Code	300009924T26MM00
Contains	Macadamia nuts, White granulated sugar, Edible aromas and sweeteners (sodium saccharin E954, acesulfame K E950, sucralose E955, vanilin (cas no:121-33-5), Disodium 5'-Ribonucleotides E635, flavourings (Edible milk flavor: vanilin (cas no: 121-33-5), lactons (Decano-1, 6-lactone (Cas no: 5579-78-2)) dissolved in propylene glycol E1520, glycerol)

26 MM+ ROASTED IN-SHELL MACADAMIA SALTED

Product Code	300009226PMM0000
Contains	Macadamia nuts, salt

26 MM+ ROASTED IN-SHELL MACADAMIA MILK CREAM FLAVOUR

Product Code	300009926PMM0000
Contains	Macadamia nuts, White granulated sugar, Edible aromas and sweeteners (sodium saccharin E954, acesulfame K E950, sucralose E955, vanilin (cas no:121-33-5), Disodium 5'-Ribonucleotides E635, flavourings (Edible milk flavor: vanilin (cas no: 121-33-5), lactons (Decano-1, 6-lactone (Cas no: 5579-78-2)) dissolved in propylene glycol E1520, glycerol)

22-24 MM RAW SLIT IN-SHELL MACADAMIA

Product Code	300009022T24MM00
Contains	Macadamia nuts

26 MM+ RAW SLIT IN-SHELL MACADAMIA

Product Code	300009026PMM0000
Contains	Macadamia nuts

24-26 MM RAW SLIT IN-SHELL MACADAMIA

Product Code	300009024T26MM00
Contains	Macadamia nuts
